**The Repaint Society Doll Art Collective** proudly presents its 14th show: **TONNERVERSE!** Since 2015, the TRS doll artists have been creating shows using dolls from Robert Tonner's company and with his milestone birthday happening this year, we decided it was the perfect time to honor our favorite doll artist and muse, who has been an influence and inspiration for all of us. We have been planning this event for over six months and are thrilled with the results! The idea was to revisit some of the Tonner Doll lines in pop culture, fashion, and movies that inspired Robert for over 30 years.

With the participation of the following artists:
